CHESTERWOOD

-- INSIDE and

OUTSIDE

We have organized a unique program at the spectacularly beautiful setting of Chesterwood in the Berkshires on Saturday, August 13th. Chesterwood, located at Stockbridge and only 45 minutes from Sand Lake, was the summer home and studio of Daniel Chester French, one of our country's foremost sculptors. He is probably best known for his statue of Lincoln at the Lincoln Memorial in Washington, D.C.

On the inside knowledgeable guides will conduct tours of the gallery, studio, and residence. On the outside, local sculptress, Arlene Peartree Shulman, will conduct an informal lecture on contemporary outdoor sculpture using the exhibits which are located about the gardens and lawns. Ms. Shulman's "Nocturnal Echoes" is included in the outdoor exhibition.

The program will provide a unique opportunity to appreciate the transition, if any, which has taken place from French's neo-classical and the contemporary style of sculpture.

Reservations are necessary to take advantage of the group admission rate of \$2.50 per person to be collected on arrival. The program is open to the public and attendees will assemble at the site at 10:30 to be welcomed by the Chesterwood staff. The outside portion of the program will start first to be followed by a picnic luncheon at noon, and then the inside portion of the program.

As is our custom, bring a picnic lunch for you and your guests, but iced beverages will be supplied at the gaily festooned grey truck. Also fresh fruit salad will be served from compotiers of watermelons sculpted in the neo-classic and modern styles.

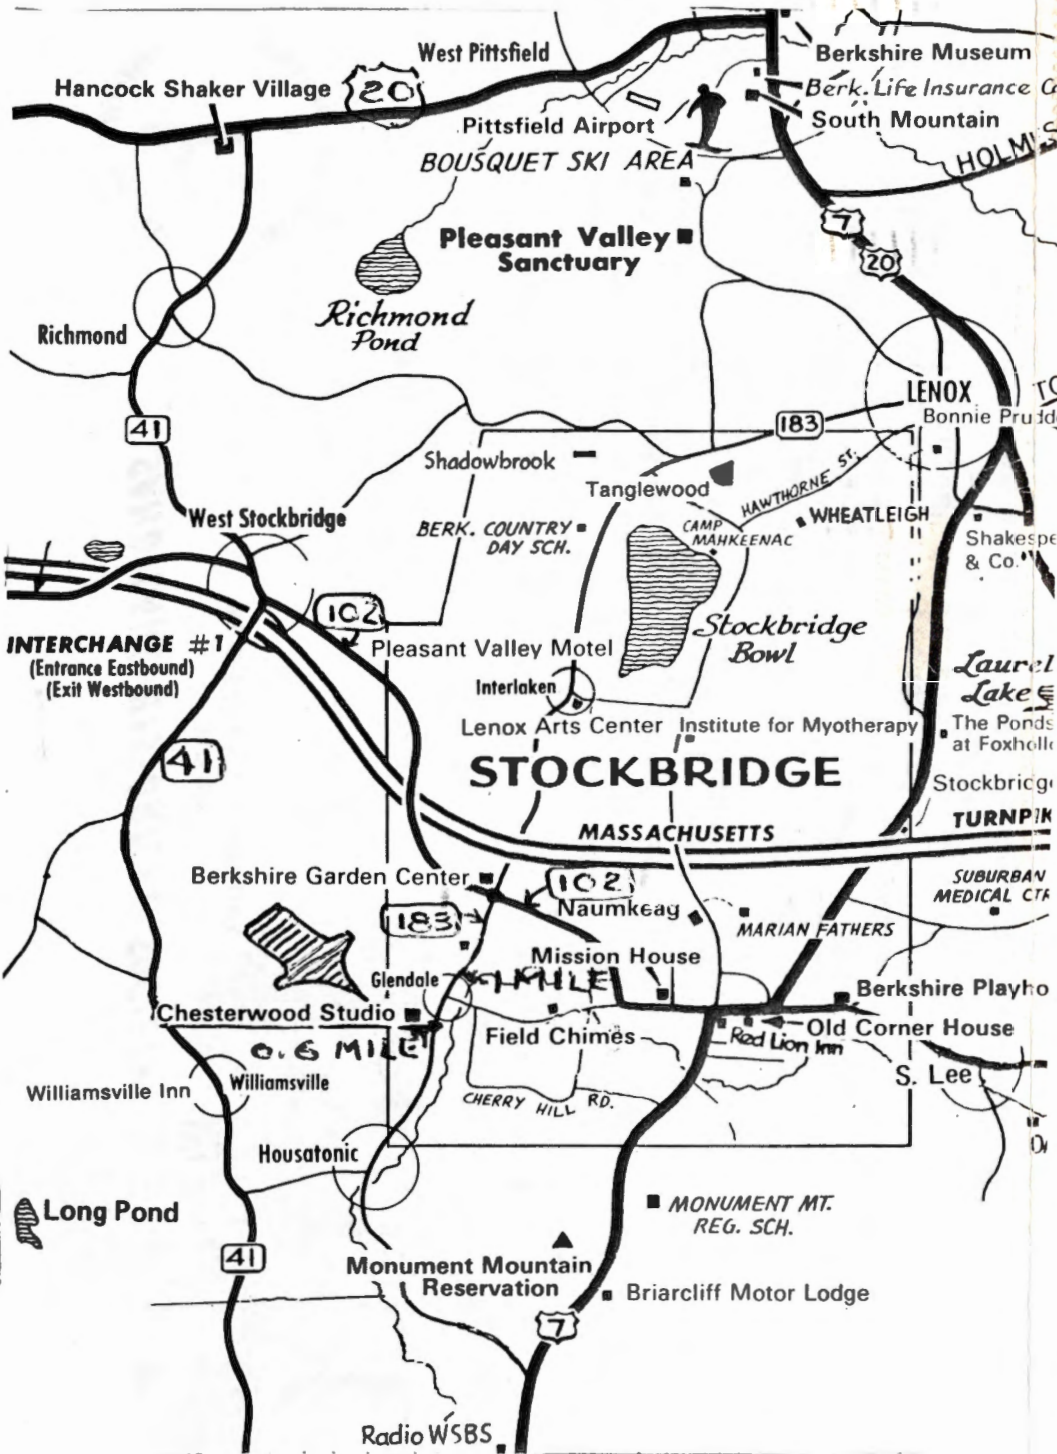

Please call Art Handley to make reservations (674-5273), or clip and mail the reservation slip to him at RD 3, Box 75, Averill Park, NY, 12018
